DR. DICKERMAN'S LECTURES.—This night Dr. Dickerman will deliver an illustrated lecture on "The Ancient Egyptians" at the Universalist Church. The lecture is in the interest of Mr. Vernon Parish Church (the Phoebe Church) of Virginia, which the pastor of the Universalist Church of Mt. Vernon holds the same relation as did Gen. Washington when he was alive. The Sons and Daughters of the Revolution have taken great interest in this matter, and Gen. A. W. Grimes, president of the Sons of the Revolution, will introduce the lecturer. The object is, of course, one that appeals strongly to patriotic sentiments, and will be one of the most attractive of the season.
